PLANNING FOR YOUR PROJECT

OVERVIEW.

This document is here to help you answer the common home design question out there - "What's your budget?"

Determining a project budget is one of the most important steps we take in designing together.

In the pages that follow, you will find cost estimates for a wide array of items and labor that will help bring your design vision to life.

Once you've pinpointed all of the areas you want to hit in your house, you can add up those subsequent estimates to give you a general range of what your ideal project will cost you.

You may realize after completing this exercise that you need to make edits, deletions, additions to the overall scope of work you want done now.

Keep in mind all numbers listed here are just estimates and fluctuate based on a number of factors at any given time.

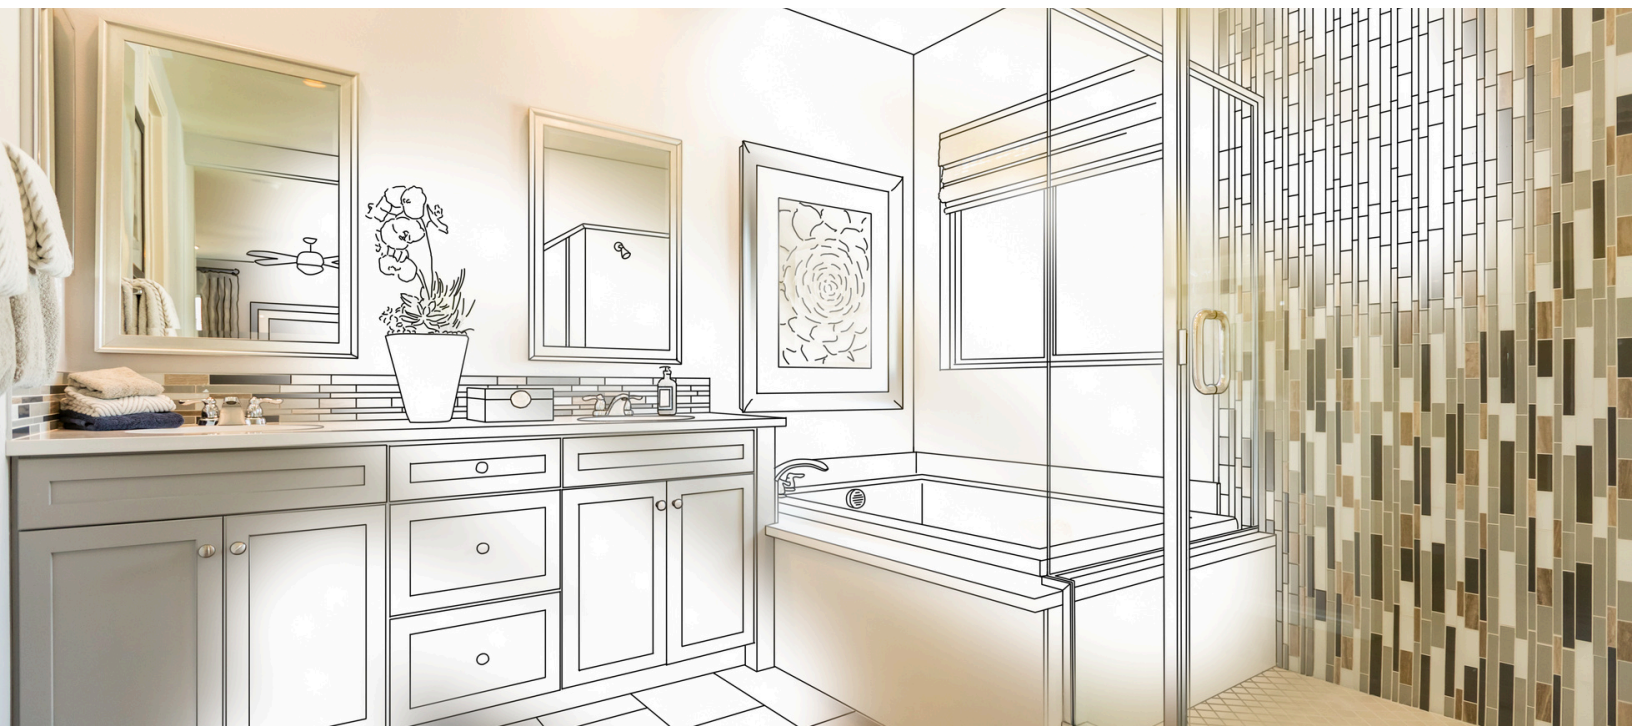

Now, let's get to work!

MATERIALS.

	LOW	MID	HIGH
Wood Flooring (per sq ft.)	\$3 - \$5	\$6 - \$10	\$10 - \$18+
Tile Flooring (per sq ft.)	\$2 - \$6	\$7 - \$15	\$15 - \$35+
